Convocation 2014

Introduction

Balochistan University of Engineering and Technology Khuzdar is a well-known public sector university providing a technical base for development of country by producing about 230 technically sound and motivated Engineers every year. The Engineers passed out from this institution are contributing their due share in development of country by serving in different public and private organizations. BUETK contributes in defining standards and systems for the up-lift of socio-economic order through quality education and services by: Providing an environment conducive to learning, teaching, academic inquiry and innovation Maintaining academic excellence and professionalism Adhering to established systems for ensuring good governance for management and transfer of knowledge Benchmarking with other leading institutions of higher education for improvement Enhancing efficient and effective operations by encouraging participation of stakeholders Pursuing continuous improvement through creativity, team work and adaptation to change for Playing a catalytic role to achieve the national, regional and global. Since last decade, Balochistan University of Engineering and Technology Khuzdar has achieved important milestones and gained immense significance as an institution of higher education in Pakistan. The University produces professionals and researchers of very high caliber, capable of developing indigenous technologies to meet the growing demands of the 21st century.

Balochistan UET Khuzdar has a team of devoted and foreign qualified faculty, state of art laboratories, well-furnished central and departmental Libraries, students' hostels and other basic facilities of life. Coming to Balochistan UET Khuzdar could be one of the most rewarding experiences of any student's life after getting admission on purely merit basis in a discipline for which he or she applies. Intellectual challenges to extend knowledge and skills of each student have to be faced; however, there would also be chances to develop new acquaintances and possible friendships. Our objectives are to:

- Provide an attractive campus environment and the resources to promote learning throughout the university.
- Create supportive environments and innovative opportunities for student learning.
- Provide high quality, accessible education that prepares learners for productive and creative lives.
- Provide a technical base for development of the country.
- Contribute due share in the development of the country by producing technically sound and motivated Engineers.
- Provide a best plat form for research and promote modern education.
- Give the University an International recognition.

Convocation 2014

Foreword

BUETK second convocation coincides with the decade celebrations and provides us the opportunity to review our performance and up to date of the history of the University. Students of BUETK, join the university with the urge to gain meaningful and rewarding education and pass out on the completion of their cherished ambitions with confidence and competence to fulfill their social and professional duties. They are equipped with assurance and intellectual maturity of successfully completing not only the prescribed courses of study but of successfully achieving an emancipated outlook to think and work independently. Convocation is an immense public occasion when the University celebrates the accomplishments of its graduates. It is a commemoration of a student's life at their University and an opportunity to share this significant milestone with faculty, peers, family and friends. It is great pleasure for us to announce that the Balochistan University of Engineering & Technology, Khuzdar, is holding its 2nd convocation in the month of May, 2014 to confer degrees and award medals and prizes to those, who proved themselves worthy of the same in undergraduate programs. The university is offering degree programs which are directly relevant to the economic development of Balochistan and to the emergence of the region as a hub of advancement in modern sciences, engineering and management. The university is growing with breadth and depth of concentration on meaningful learning and productive research. Bringing modern education to the doorsteps of youth, without putting undue financial strain on the finances of their parents/ guardians is the cherished ambition of all public sector universities in the country and they are shouldering this responsibility to the utmost in comparison with the financial/material resources being provided to them by the government.

The Faculty Development Program undertaken by the university in collaboration with HEC has started yielding tangible results. Faculty members sent abroad for MS and Ph.D studies have completed their programs successfully and are contributing to the academic accomplishments at this university by sharing their newly gained knowledge and expertise with the students. BUETK has already managed to develop a critical mass of academic expertise which can be turned to good account for the promotion of excellence in higher studies and research. The impact of this development has started becoming discernible and is likely to make a techno-scientific-industrial breakthrough in the country's least developed region.

There is dire necessity of peaceful atmosphere for the achievement of laudable milestones in our quest for quality. Unfortunately the region has been infected by political unrest and terrorist activities which are a matter of concern for all the patriotic citizens of Pakistan. The prevailing dissatisfactory state of the situation inland and across the borders is a matter of worry for all the forward looking people. Our law and order problems are putting unnecessary strain on our much needed financial resources which are

Convocation 2014

rapidly shrinking and marring the process of the cherished development. In spite of all resource restraints and upheavals, we are steadily pursuing the cherished objectives of equipping our students with the art of living as competent and productive members of the society, contributing to the intellectual as well as socio- economic uplift of Pakistan. It is a matter of great satisfaction for us that our graduates are readily accepted in the jobs market. BUETK expects them to devote all their energies and talents to the realization of the dreams of their kith and kin and the dreams of the whole nation. There are immense prospects of growth in every field and they have the capability to translate the ambitions of the people around them, into reality.

Realizing the paramount importance of higher education, the existence of a premier institution like BUETK in a comparatively under privileged part of the country, gives assurance that avenues of personal and national development are being opened in Balochistan. BUETK In spite of the resource handicaps and the air of political uncertainty, this institution works for the betterment of the lot of people through sheer determination and dedication of Purpose. In spite of the financial cuts and restraints imposed by the government, BUETK continues to provide quality educational services without any hindrance. This has been possible only due to the dedication of our faculty and the administration staff. The availability of Video- Conferencing facility at Campus is a major development which enables the university to come in closer association with HEC and other universities. The facility also provides access to guidance from foreign educational sources.

We are confident that our alumni would contribute considerably towards the society. BUETK expects them to devote all their energies and talents to the realization of the dreams of their kith and kin and the dreams of the whole nation. There are immense prospects of growth in every field and they have the capability to translate the ambitions of the people around them, into reality.

May Allah Almighty bless our endeavors with success!

MESSAGE

Mamnoon Hussain

(Hon'ble President, Islamic Republic of Pakistan)

On the auspicious occasion of 2nd Convocation of Balochistan University of Engineering and Technology, Khuzdar (BUETK), I wish to congratulate the Chancellor, Vice Chancellor, the management, the faculty, the graduating students and their parents/ guardians and the entire BUETK family on this important occasion. I appreciate the services of management and the faculty for not only equipping the students with the most valuable tool of education but also for the growth and further development of the University to cater to the educational requirements of the area in a significant manner. The BUETK has, in a relatively short span of time; it has secured a significant place for it in the Higher Education Commission's ranking of the national universities. It has earned recognition in providing quality education in the disciplines like Engineering, and computer Science and Information Technology. All those associated with the University deserve to be complimented for the progress it has made and the milestones achieved. The parents and guardians of the graduating students deserve to be commended for their sacrifices and patience to witness this day. The success of any University is measured not only by its infrastructural facilities but also by the devotion of its management, faculty and the zeal of its students to learn. In this context, BUETK deserves to be appreciated and the manner in which the University is serving the cause of education is indeed commendable. I hope that BUETK will keep on producing professionals of excellence and its alumni will play an effective role in the development of country.

On this momentous occasion in the life of graduating students, I would urge them to work diligently and honestly in their practical lives. In their careers, they would be judged by their professional caliber, integrity, sense of responsibility and by their services to humanity. Besides striving for professional excellence, it is also equally important to be a good human being and to display and hold high exemplary moral and ethical values, I wish all graduating students the best in their future lives and I hope that they will be contributing to the betterment and prosperity of the society and the country. Once again I wish to congratulate the graduating students, their parents and guardians, the faculty and the administration of the University and wish them good luck in their future endeavors.

MESSAGE

Mian Muhammad Nawaz Shareef

(Hon'ble Prime Minister, Islamic Republic of Pakistan)

It gives me great satisfaction to learn that that Balochistan University of Engineering & Technology, Khuzdar (BUETK), is holding its 2nd Convocation this year. This Convocation coincides with a successful completion of 19 years of its dedicated service to the people of Balochistan since its establishment. An institution gaining such a reputation within 19 years of its existence is indeed a pleasant sign. It is heartening to learn that BUETK has lived up to the aspirations of the people and groomed its students to become capable and competent professionals. It is commendable that BUETK is ranked as the 13th best Engineering University in the country, which is an admirable achievement. In this modern age, survival of the nations is widely dependent on advancement, particularly in the fields of research and technology. BUETK, since its inception, has worked greatly for the promotion of education; and with the collaboration of HEC, the University has evolved not only as an important academic institution, but a beacon for the youth of Balochistan province. BUETK being an institution with varied disciplinary options provides the nation with capable professionals in almost every field of Engineering and computer sciences. I expect the university to achieve more laurels in the days to come by focusing on producing competent professionals. The entire university staff under the leadership of their Vice Chancellor deserves accolades for their dedicated services in ensuring the university's high academic excellence. I hope that the students graduating from this institution exhibit professionalism and civic values essential for achieving national and global harmony. I also take this opportunity to congratulate the graduating students and their parents and guardians on the completion of their studies. The day marks an important turning point in the life of these graduates who venture into practical life with newer set of challenges and opportunities. I am sure that our youth have the potential to make a difference and serve the people of Pakistan in the best possible manner.

I send my cordial felicitations to the BUETK Family, the graduating students, and their parents & guardians for achieving yet another milestone and wish to see more of these occasions.

MESSAGE

Muhammad Khan Achakzai

(Hon'ble Governor Balochistan/Chancellor BUETK)

I am pleased to learn that the Balochistan University of Engineering and Technology, Khuzdar is holding its 2nd Convocation in the month of May 2014. It is a matter of great satisfaction that BUETK has grown as prominent institution of the country and it has been recognized nation wide. Universities are the beacon of light which spread knowledge and direct their students towards development of society and the nation by providing higher education.

Market based education especially professional education is very important for development of the economy. I am happy to note that BUETK graduates are performing their role quite well in the development of our society and contributing significantly towards progress of the nation.

I extend my heartiest felicitations to the graduating students who are being conferred their hard-earned degrees. I also congratulate their parents, guardians and teachers who have positively contributed to make them dedicated professionals of tomorrow.

I also appreciate the administration and authorities of the University for making a significant difference in the educational outlook of the province. I wish them all success in their future endeavors.

MESSAGE

Dr. Abdul Malik Baloch
(Chief Minister of Balochistan)

1. Balochistan University of Engineering & Technology Khuzdar is a reputable educational Institute of Balochistan which is playing a leading role in producing Engineers who are well versed in different disciplines of Engineering. These technical people are required to play their due role in bringing the Province of Balochistan at par with the sister Province of Pakistan in terms of Development. The 2nd Convocation of BUETK is a mega event for the University and the students because they are getting the fruits of their untiring efforts made during their educational career. The Vice Chancellor Engr: Prof. Dr. Zahoor Ahmed Baloch, the Administration and Faculty members deserve applause for this tremendous accomplishment.
2. Education is the only source that can do marvels in the World. The Graduating students and their parents deserve appreciation for discharging their important moral and religious duty as envisaged in golden tenets of Islam. Dear Graduates, professional world is open for you now, take lead and prove yourself on dint of hard work, impeccable integrity, dedication and sincerity of purpose.
3. I am sure that the graduation students of Balochistan University of Engineering & Technology khuzdar will practically apply the education they have in this great institute and would become role models for the youth of Balochistan. The passing out graduated should be motivated and have courage to accept any challenge. At the end, I would advise the pupils of this University to make the proverb "the harder you work the luckier you are" as the motto of their life. Once again I extend my felicitations to the graduating students for achieving the milestone of successfully getting Engineering degrees.

Prof. Ahsan Iqbal

Federal Minister of Planning, development and Reforms

I am delighted to learn that Balochistan University of Engineering & Technology Khuzdar is holding its second Convocation this year. Education is that one commodity, which empowers the nations through intellectuals and enlightened human resource. The Universities in Pakistan are charged with responsibility of producing quality graduates who are fit to enter the domain of practical life and play their role in ensuring prosperity in our country, one cannot remain oblivious to the fact that without scientific and technological development, Pakistan cannot move ahead and compete in a global economy. Therefore, we need to put in extra efforts for catching up with the developed countries within the shortest possible time and BUETK promises to justify the confidence reposed by the nation in it. Our universities have to serve this objective in order to provide strong foundations for a strong nation. It is indeed heartening to learn that within the short span of 19 years, BUETK is ranked as 13th best Engineering University in the country, and has secured a significant place for itself in the Higher Education Commission's ranking list for the national universities. It is also a matter of satisfaction that, BUETK as an institution imparting quality education is no small achievement by any academic institution. I therefore congratulate the Vice Chancellor, the staff and the students of this university for their devotion to duty and dedication in making this remarkable achievement. I wish to congratulate the Chancellor, Vice Chancellor, the faculty, the management, graduate students, their parents and the entire BUETK family on this important occasion. I also take this opportunity to congratulate the graduating students and their parents and guardians on the completion of their studies. The day marks an important turning point in the life of these graduates, who venture in to practical life with newer set of challenges and opportunities. I am sure that our youth have the potential to make differences and serve the people of Pakistan in the best possible manner.

MESSAGE

Prof. Dr. Mukhtar Ahmad
(Chairman, Higher Education Commission)

I am pleased to learn that Balochistan University of Engineering & Technology, Khuzdar (BUETK), has scheduled its 2nd successive convocation and extend warm wishes to the Vice Chancellor, learned faculty of BUETK for being so dedicated to the cause of quality education, and management in their efforts to manage the event successfully. It is a matter of immense pleasure to see that BUETK is focusing on paving the path for progress of the society by providing well trained human resource required for full utilization of our resources. Higher Education Commission (HEC), and it is encouraging to see that the university is producing high caliber graduates from the very beginning for the development of the society and it has consolidated its position as an institution of trust.

Higher Education Commission has been supporting BUETK since its inception and it will keep on doing so in future. It's unfortunate that budget cuts on higher education compelled us to dismantle some areas of training and development, but our commitment to higher education stands fast and we are committed to realizing our cherished goals.

We encourage Public sector universities to move ahead to have their feet fixed firmly on the ground so they may not totally depend on HEC for finances. In this context civil society has to play a leading role. Industries and professional organizations are required to sponsor academic development for the sake of consolidating their own foundations. We appreciate all the stakeholders for their interest/input towards the betterment of higher education in Pakistan.

May ALLAH guide us in all our endeavors.... Ameen

MESSAGE

Prof. Dr. Zahoor Ahmed Baloch
(Acting Vice Chancellor BUETK)

It is a moment of immense pleasure for me and the entire community of BUETK to announce the celebration of second Convocation of Balochistan U.E.T Khuzdar. Today is the day of celebration of success not only for our graduates and their parents but it gives tremendous pleasure to faculty, staff, members of academic council and syndicate to see BUETK developing rapidly in achieving its goals. Today this traditional and memorable event provides us with an opportunity to recognize the achievements of our graduates publicly and is, deservedly, a time of great pride for you, your family and the staff who have guided you during your stay at the University. I am sure that during your four years stay at BUETK, you have been trained enough to go forth into the society to share the ideas, competencies and a commitment to serve the common good which have been an integral part to your education at BUET Khuzdar. BUET Khuzdar provides education, which is beyond 'just academic knowledge'. We support intellectual and personal growth of students, preparing them to become transformational leaders and citizens with sound ethical sense of values. Because we believe that a University does not merely undertake to produce potential Engineers, but it teaches them how to live in society and prepares him for the battle of life. Its object is mental culture and freedom from prejudices of all kinds. It broadens the minds, enlarges the vision, encourages intellectual independence and develops impartial judgments. It enables a man to cultivate the capacity for clear thinking and expressing his views effectively. It fits him to hold any post and teaches him his duty to other members of society.

My dear graduating students! Convocation is a day for celebration, but it also presents an opportunity for reflection by looking at the reasons of your success, the hard work, patience, inspiration provided to you by your teachers who taught you through an extensive exercise of academic activities and most of all the efforts of your parents who did all what they could see you reach this day. My dear graduating students! Being privileged through higher education, you've become the most

Convocation 2014

important members of the society. Utilize your talent and creativity for the service of the nation and the whole world as a global citizen. Now you need to vest your energies in nation building. At the last but not least as a word of advice I would like to say that today you have undoubtedly achieved success, but your success will be measured by your ability to address challenges that you will face in your professional life. Towards that end hone your problem solving skills, sharpen your enquiring mind, be a good team player and develop a positive attitude.

I am confident that you will prepare for a future of opportunities and take on a world of infinite possibilities. We owe our success to the grace of Almighty ALLAH, Hon. Chancellor's support. We are highly indebted to the respectable Chief Minister Balochistan, the federal Minister Planning, Development and Reforms his kind cooperation and support. We are thankful for the support of our Syndicate members, tangible encouragement from the Higher Education Commission, our ever-hard working Faculty, administrative staff and all employees.

May ALLAH guide us in our endeavor (*Ameen*)

DUA'A

Announcement:

We bow our heads in gratitude to Allah Almighty for the blessings of the fruition of our endeavors and dedication in the pursuit of knowledge. May Allah lead all of us on to the path of righteousness and virtue and guide us on the way of utilizing our knowledge in our practical lives. May further honor and glory come to the recipients of degrees today and may they serve the nation and the country in true spirit of faithfulness. Allah! Inspire these young men and young women with the earnest desire of expanding their knowledge further and give them the capability of contributing positively to their respective branches of study. Allah! Mould their minds and hearts according to the teachings of Islam and make them follow the path of truth with zeal and determination. Ya Allah! Inculcate in the minds of these young men and women, the sense of gratitude to their parents, to their teachers and to the Country, which nourished them physically, intellectually and spiritually. Allah! Endow them with the qualities of humility, simplicity and patriotism and make them aware of their weaknesses, so that they may be able to shun their shortcomings. Allah! Grant them success in every field they go to and make them beacons of light for the succeeding generations of students. Allah! We request thee to shower renown and repute on our University and grant her greater powers to continue spreading light and truth for all times to come. 'Ameen'.

Announcement:

The Chancellor is requested to declare the convocation closed.

Chief Guest: I declare the convocation closed
